

Funeral Mass:

Prepare the credence table with Father's Chalice, towel and water cruet. Put key in Tabernacle. Also put 2 ciboriums on the table. Make sure Lavado bowl (water) is on the table.

Also put step-stool in the vestibule. Put censer stand on the altar by the ambo (lecturn)

Fill small Cruet half full with wine. Get 4 inch host (which Father will break into 16 small hosts and add 84 hosts to the ciborium- Total of 100 hosts. Also get gluten-free hosts and bring to the gift bearers table.

It is difficult to determine how many hosts are needed for a funeral because there are people of different Christian faiths. Therefore I usually sit in the back of the church and count the people who bow, genuflect or bless themselves with Holy Water, and adjust the count.

There are extra hosts in the first drawer of the cabinet in the server's room

Also move the table with the bells to the side pew - left side.
